Horse Leasing, Lesson and/or Training Liability Release and Hold Harmless Agreement

Please read carefully before signing:

SERIOUS INJURY MAY RESULT FROM YOUR PARTICIPATION IN HORSE ACTIVITIES, riding lessons, leasing horses, horse ownership and training. THIS IS A HORSE FACILITY WHERE ALL HORSE ACTIVITIES MAY TAKE PLACE. Christine Amber and Brian Deutscher DO NOT GUARANTEE YOUR SAFETY.

I/we understand and agree that horses and horse activities are inherently dangerous. We accept the inherent risks in this activity and further understand that:

- Horseback riding is classified as a rugged adventure recreational sport activity.
- There are numerous obvious and non-obvious inherent risks always present in such activity despite all safety precautions.
- No horse is a completely safe horse.
- Horses are 5 to 15 times larger, 20 to 40 times more powerful and 3 to 4 times faster than a human.
- If a rider falls from horse to the ground it will generally be at a distance of from 3 1/2 to 5 1/2 feet.
- The impact from a fall may result in injury to the rider.
- Horseback riding or horse driving is the only sport where one much smaller, weaker predator animal--the human, tries to control and become one unit of movement with another much larger, stronger prey animal-- the horse, with each having a limited understanding of the other.
- If a horse is frightened or provoked it may divert from its training and act according to its natural survival instincts which may include, but are not limited to:
 - running from true or perceived danger
 - bucking
 - kicking
 - changing direction or speed at will
 - rearing
 - spinning
 - shifting its weight from side to side
 - biting
 - stopping short
